Depth	38" Completely open 50"
Width	53"
Height	65"

Door Openings

	Two (2)
Flip Top	48" x 24"
Side Door	11" x 11"

Shipping Weight

Approximately 430 Lbs.

Optional Accessories:

- Water Filter
- Blow Off Gun
- Turntable
- Auto Power Basket
- Spare parts package
- Abrasives

Also available with Trinco™ Abrasive Separator or 400 CFM Dust Collector

Also available in Model 48x30 size

TRINCO™ DRY BLAST APPLICATIONS

The applications of Trinco™ Cabinets are virtually limitless - cleaning, deburring, decorating, deflashing, etching, finishing, honing, peening, etc. All of these uses and more can be accomplished easily with quick sweeps of the gun nozzle. Scale, corrosion, old paint and other surface materials are removed in minutes leaving metal surfaces free of foreign matter and contamination. Even tough mill scale is quickly and efficiently removed.

The usual operating pressure for the Trinco™ Dry Blast Cabinets is 85 PSI. The equipment utilizes a variety of abrasives such as Trin Mixes™, glass beads, aluminum oxide, silicon carbide, nut shells, etc. A multitude of finishes are possible ranging from a micro-finish to a coarse-grade finish depending upon the specific media used. Trinco™ Cabinets can apply the proper abrasive to provide the desired finish for each specific application.
